

# York University in Vietnam

March 31 – April 7, 2025

Join us in creating positive change.

# Vision

York is committed to giving a broad demographic of students access to a high quality, research-intensive learning environment committed to the public good.

# Values

We strive for **Excellence** in fulfilling all aspects of our mission

We are **Progressive**, encouraging open minded inquiry, innovative approaches, and forward-looking solutions

We uphold **Sustainability** - environmental, social, and fiscal - as a vital compass for decisions and initiatives

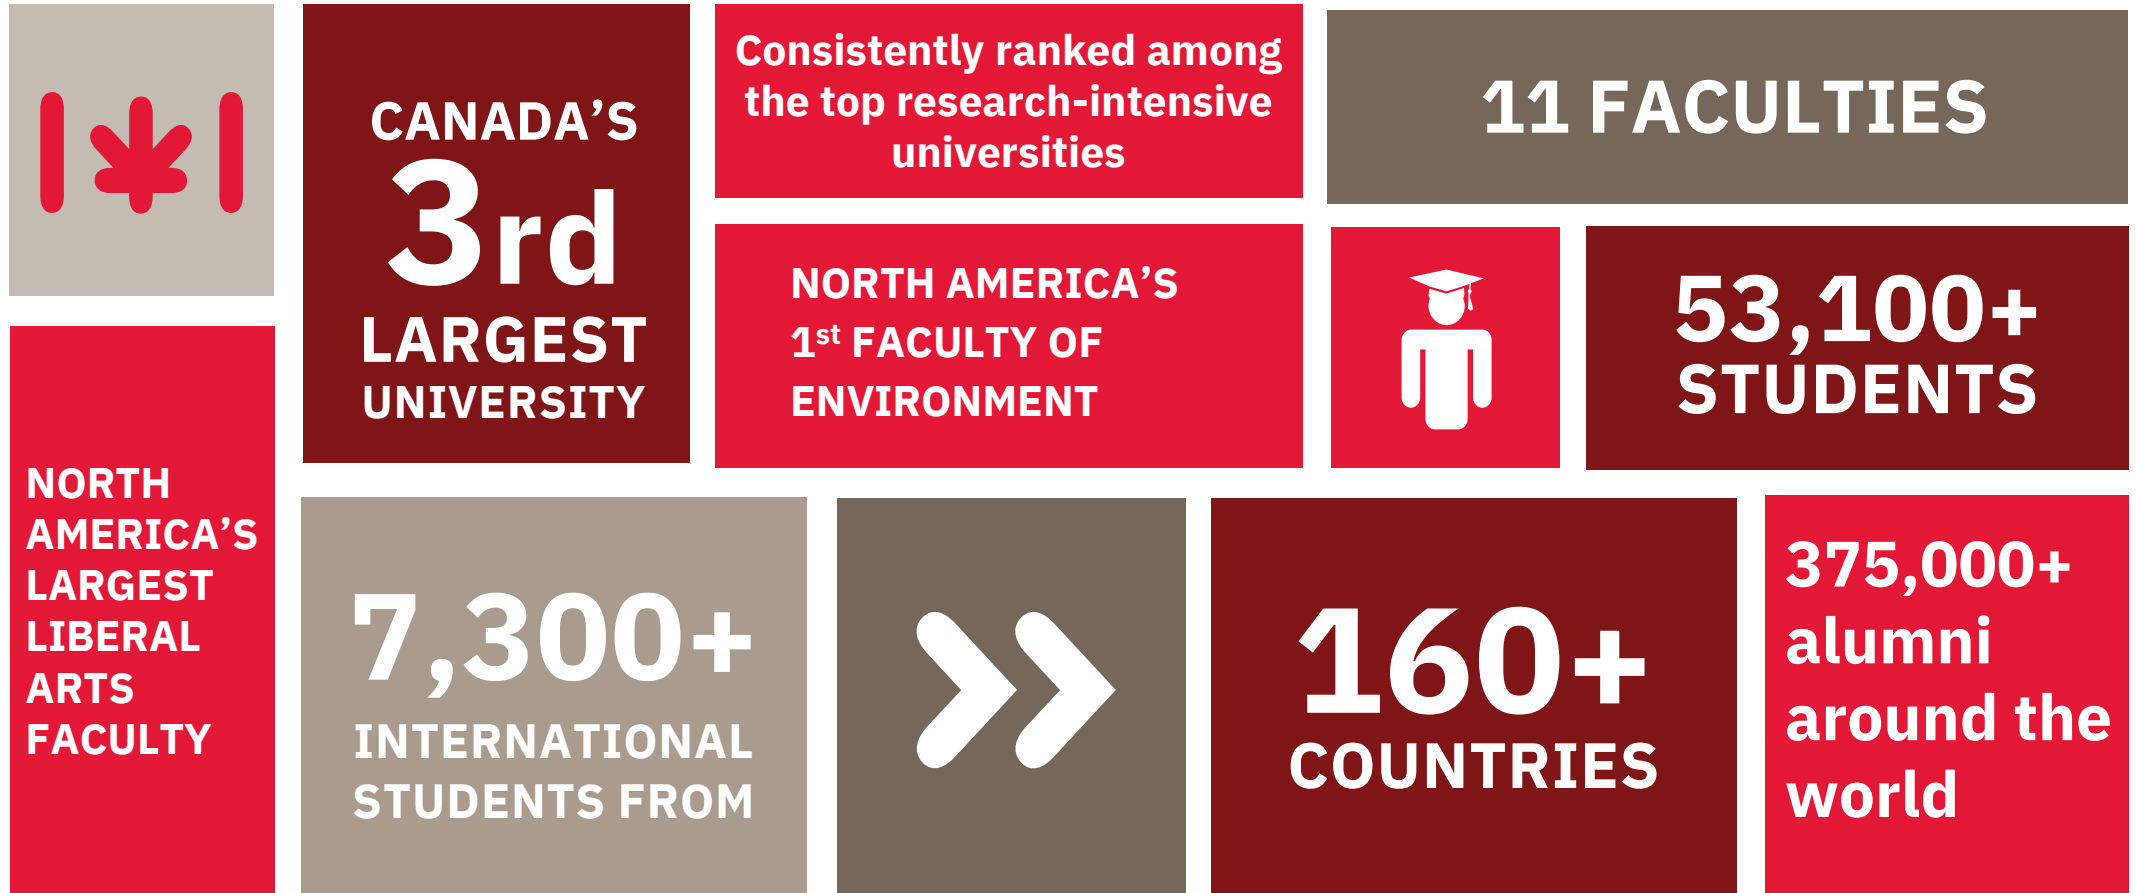

We are passionate about advancing **Social Justice and Equity** through critical insight, creative problem solving, and socially responsible action

We champion **Diversity and Inclusivity**, embracing differing perspectives, peoples, and ways of knowing, and fostering global fluencies and cross-cultural knowledges

***Tentanda Via: The way must be tried.***

# York – Vietnam: Faculty of Liberal Arts and Professional Studies

## NGA DAO

Associate Professor  
Department of Social Science  
(Heritage Faculty)

Nga Dao holds a PhD in Geography from York University, an MA from Cornell University, and a MSc from SOAS, University of London. Nga has conducted research on topics including development-induced displacement in Southeast Asia, gender equality and women's role in water resource governance, agri-business, mining, and land grabbing. Nga is now focusing on intergenerational struggles, slow violence and water (in)justice; river ecologies, gender and youth roles in livelihood changes in the Mekong region, exploring how the local landscape has been transformed through expansion of boom crops, industrialization, resource (land & water) degradation and migration.

### *Current partner(s) in Vietnam:*

# York – Vietnam: Lassonde School of Engineering

## UYEN TRANG NGUYEN

Professor,  
Department of Electrical Engineering and  
Computer Science  
(Heritage Faculty)

UT is an associate professor at York University, Lassonde School of Engineering, Department of Electrical Engineering & Computer Science. UT is affiliated with the Computer Networks & Security Lab and Security Research at York (SecRAY).

*Current partner(s) in Vietnam:*

# York – Vietnam: Faculty of Science

The research in Krylov's laboratory is conducted by an interdisciplinary group of scientists with a broad range of interests, spanning physical and life sciences. We foster this synergy of expertise to achieve comprehensive interrogation of multifaceted scientific problems. The overarching goal of our research is to create innovative and enabling technologies for biomedical and bioanalytical applications.

***Current partner(s) in Vietnam:***

## **SERGEY KRYLOV**

Full Professor, Research Stream,  
Department of Chemistry AND York  
Research Chair (Tier 1)

**VIETNAM ACADEMY OF SCIENCE AND TECHNOLOGY**

# York – Vietnam: Faculty of Education

**ROBERT SAVAGE**

Professor, Dean  
Faculty of Education

Rob has published nearly 100 research articles in international peer reviewed journals exploring children's early reading and spelling including over 30 reading intervention studies on 4 continents (North America, United Kingdom, Hong Kong and Australia). Rob is particularly interested in preventing early reading and spelling problems, often using technology. Rob is a school-based psychologist and classroom teacher by training, and as such maintains an interest in making schools effective learning places for all children.

*Current partner(s) in Vietnam:*

# ED Global - Leaders supporting future leaders in education.

# York University and the UN: Addressing Global Challenges

**UNITAR's Global Water Academy (UGWA)** is a multi-stakeholder collaboration between academic institutions and private sector partners, with York University (Canada) as Academic Lead. The UGWA tackles diverse aspects of the water sustainability crisis through training, capacity-building, research, and knowledge mobilization, ultimately to inform decision-making and public policy.

**UNA-SDG Hub 10**

**Chair: York University**

**Toronto Centre of Excellence on  
Youth Homelessness Prevention  
at York University**

# **The *Connected Minds* Program:**

A 7-year research program based at York and Queen's Universities, beginning March 2023, supported by a \$105M grant from the Canada First Research Excellence Fund (CFREF) totaling \$318M

## **Our Mission:**

“To co-create and co-lead socially responsible, community-engaged research that optimizes the benefits and mitigates the risks of the new techno-social collective – for all members of society, especially the most vulnerable”

# York University launches the Global Research Excellence Fund

---

Join York University, one of Canada's largest research-intensive universities, to drive positive change through impactful research. Collaborate with global industry leaders and government agencies to make a real-world impact. Catapult your research from concept to reality with our funding support and research expertise.
